IPSICC Admission criteria:

There are three ways to be admitted to begin IPSICC:

Choose your relevant entry criteria, level 1, or level 2 or level 3 – put a tick in one of the small boxes below.

1

- A long or medium secondary education (University/5 years - 240 ECTS points - or a semi long of at least 3 years - 180 ECTS points) of a psychological, pedagogical, social or health education, such as teacher, educator, nurse, social worker, physician, priest, psychologist, or physiotherapist.
- Professional experience in your primary education field corresponding to at least three years' full-time work.

2

If you have another education:

If your education is not a psychological, pedagogical, social or health education, it is possible to be admitted if the criteria below are fulfilled:

- A long or medium higher education, e.g. a master's degree or a professional bachelor.
- Professional experience corresponding to at least three years of full-time work within a job of interpersonal contact.

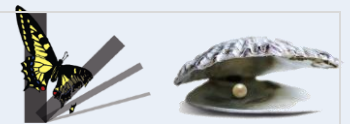

3

Admission via special dispensation:

If your education is not a psychological, pedagogical, social or health education, at a bachelor's or bachelor's degree, you can have a possibility for dispensation.
